FC Boats

After much demand for a Forward Steer in the runabout range, we've proudly crafted the FC 465 Forward Steer. The FC 465 Forward Steer, was designed for the someone that wants a smaller easily handled craft with canopy protection from the harsh NZ elements.

With ergonomically designed twin reversible helm seats means you can drive or fish from a relaxed seated position. Once you've hooked up the big one, the wide chines give you a stable fishing platform to stand, play and conquer your fish. The FC 465 is built to last. Designed for coastal and offshore fishing and diving trips, it's stable, safe and dry. It's easily towable (at 590kg on the trailer), so it won't be any problem getting around those winding New Zealand coastal roads. The FC 465 model is perfect for those who want the freedom of reaching great fishing and diving spots but without the hassle or expense of a maintaining a large boat.

Fuel capacity tote 25L
Approx. cruise speed: 25mph
Approx. top speed: 32mph
Rec. HP: 40-60

JUAN GREGAN – BREAKAWAY II

"I have had an FC 465 since 2015 and couldn't be happier. We wanted a boat that could fish our small family, or my mates and me. It has delivered in every which way. I have used its stable platform for game fishing, bottom fishing, trout fishing, soft baiting as well as towing a ski biscuit.

They say FC boats are made for fishermen by fishermen. This is no lie; every inch of the boat offers you something from the easy layout of the controls and seating arrangement through to the transom. The rod holders on the sides are handy when towing on a long trip. Keeping those valuable rods and reels safe. From when I first set my eyes upon an FC boat I thought, I want one of those and it's been the best decision"

Juan Gregan – FC 465
