

# FC 535

# \$52,495

The FC535 Centre Console is designed as a specialist fishing boat, with plenty of room to fight the big one. It is perfect for game fishing, lure and soft bait fishing as well as fly casting, with 360° fishability.

The FC 535CC has quickly become one of most popular models and is an extremely capable fish catching machine that's incredibly economical to run. FC Extended Gunwales help deflect spray downwards which keep you dryer and more comfortable than many other centre consoles.

## PACKAGE INCLUDES

**Draft:** 400mm  
**Hull:** 4mm  
**Sides:** 4mm  
**Tow weight:** 750kg  
**LOA on Trailer:** 6.5m  
**Fuel capacity tote:** 25L  
**Approx. cruise speed:** 26mph  
**Approx. top speed:** 35mph  
**Rec. HP:** 60-90

Having owned a 6mtr plus hardtop for 11 years it was a hard choice to return back to a centre console. The original decision to transfer to a hard top was for the comfort of a then 3-year-old son. Now at 14 we're all about fishability and function in a boat and wanted to go back to a boat that didn't limit our launching options due to its size. Our requirements for a new centre console were, 5m range, aluminium, 4 stroke motor, easy to launch, shallow draft, dry storage area, no catch point on gunnels for netting somewhere to cook our traditional fishing meal of bacon and eggs. Having searched the market, we settled on the FC 535cc. The FC 535cc met all our needs plus some – passive live bait tank, welded rod holders, high sides, wide gunnels, full transom to name but a few. The boat is performing above our expectations and has opened many more fishing options for us. I'd recommend a FC 535cc to anyone that is looking for a functional, seaworthy vessel that offers the versatility that the FC does..

Graeme and Sam – FC 535cc
