

FC 700CC

\$134,995

The FC 700 Centre Console is the latest and possibly even the greatest addition to the centre consoles, combining all of the best FC Boats features plus a beautiful raised shear line and a flooding chamber with a 250L lockable ballast tank up the front. The 700cc has been built with your serious sport fisherman/diver in mind. The Bow rail has been deliberately left off so divers can prepare in front or behind of the console and still roll straight off the side of the boat.

All FC Boats are designed with our FC Extended Gunnels which turn any side spray down, keeping you and your crew drier in all conditions. Those gunnels are foam filled for extra buoyancy right where it's needed.

PACKAGE INCLUDES
