

Designed for serious kiwi fishos, the Fin Chaser 600 Hardtop is the perfect addition to any family looking for a safe, stable and capable fishing machine. We've listened and taken onboard the feedback from our Fin Chaser 595 and Fin Chaser 635 clients to produce a boat that builds on the best features we can fit into a 6m boat. We pride ourselves on being able to customize almost every aspect of the boat to suit your requirements. Start your Fin Chaser journey today and let's turn your dream into a reality.

Customer Review:

Our 6-metre hardtop Finchaser represents two things to our family: ****safety and fun.****

Growing up fishing and enjoying water sports on the fresh water lakes of Minnesota USA, we developed a deep appreciation for life on the water. That passion eventually led us to Finchaser—and we couldn't be happier with our choice.

The stability, even with a full crew onboard, is phenomenal. Combined with its robust construction and world-class design, the Finchaser gives us confidence every time we head out.

As parents to three young fishos, it's imperative that we have a boat capable of getting us where we want to go, exploring new places and creating unforgettable memories—but, most importantly, getting every one of us safely back home.

For our family, Finchaser isn't just a boat. It's our ticket to adventure, quality family time, and countless memories on the water.

Finchaser - Built for the adventure, trusted to bring us home - Tristan Hase
